PREFACE:

The Economic Impact Statement provides the public with key unclassified information about Cannon Air Force Base. It highlights various aspects of the base's mission and resources, as well as its financial impact on the local area.

METHODOLOGY;

The data in the Economic Impact Statement is compiled from numerous sources, including on-base activities, other governmental agencies (federal, state, and local), and the local community. The facts and figures contained throughout are accurate to the best of our knowledge. However, approximations were used in some instances to ensure operational security. Also, where data was not readily available, estimates were used to reflect the general level of activity. These estimates and approximations do not diminish the accuracy of this report nor the base's impact on the surrounding communities.
